The department offers resources and services that aid student participation and development along with curricular support through internships, and extracurricular opportunities that promote intellectual growth, skills and all-round
personality development. Student Success includes the Associate Provost for Student Success, the Department of Student Life, Department of Internships and Career Development and International Students’ Programs.

6. Student Government Association

The Student Government Association (SGA) is composed of student representatives of the student body, and provides an opportunity for students to demonstrate leadership as well as to serve as a liaison between the students and the University administration. SGA often serves as the voice of the students to the administration and provides leadership in assisting and organizing activities for all students as well as assisting the Office of Student Life in new student orientation programs for new students. The SGA plays an important role in planning and sponsoring student campus activities and events. The SGA leadership currently consists of five executive officers: 1) President, 2) Vice-President, 3) Treasurer, 4) Secretary and 5) Public Relations Officer. The President of the SGA serves on the Academic Council and may place items on the agenda as desired by the SGA membership. Representatives of the SGA serve on various other university committees as deemed appropriate.

The SGA at AURAK follows a constitution which defines SGA’s goals and objectives and establishes the roles and responsibilities of each SGA officer and member. The constitution also defines the policies and procedures to follow for planning and organizing University events, as well as establishes the minimum qualifications for students who want to run for office.

Representatives from the SGA serve on many university committees in order to represent student interests. Should a student have an issue of concern, they are encouraged to share that issue with any SGA officer. SGA leaders will, in turn, address the issue with the SGA advisor, who will determine and guide appropriate follow up.

SGA’s office is located in Building D, First Floor next to the Department of Student Life and can be contacted by phone at 07 2210 900 ext. 1515 or by email at sga@aurak.ac.ae.

7. Student Clubs and Organizations

The Office of Student Success supports student development through a variety of clubs, which offer activities to complement courses that are academic, civic, social, or recreational fun and leisure. Membership in these clubs not only helps students make new friends and meet people with common interests but also helps students acquire important skills such as leadership, organization, teamwork, and event planning. The University encourages all students to establish or join clubs to explore and further their interests. All clubs and organizations work very closely with the SGA.

All student organizations or clubs must be authorized and registered annually with the Office of Student Success. Registration includes completing the appropriate forms and submitting a constitution, bylaws, and membership roster. At least one officer of each student organization or club must meet with the Associate Provost for Student Success or designee at the beginning of each semester to review the relevant policies and procedures. All clubs and organizations are required, at the beginning of the academic year, to submit their proposed events and activities along with the budget requirements for an academic year following consultation and approval of the faculty advisor. Student clubs/organizations must submit a program request at least three weeks prior to any event, depending on the size and scale of
the event. Prior approval for use of campus facilities is required. To assist the group in creating a Constitution for the organization the Office of Student Success will provide a sample constitution and bylaws for the group to utilize and to assist with the establishment of new clubs and organizations. All sanctioned student clubs and organizations must have a full-time faculty or staff member to serve as an on-campus advisor. Fiscal oversight of the SGA & clubs/organizations is the responsibility of the Associate Provost for Student Success. Student professional organizations must also follow all expectations for student clubs and organizations and are different in that they are closely aligned with an academic unit and typically have an advisor from that same academic unit.

University life offers tremendous opportunity for personal and intellectual growth. To assist students in making the most of their academic experience, AURAK offers many learning support services without additional charge to the student.

Center for Teaching, Learning & Instructional Technology
AURAK’s Center for Teaching and Learning and Instructional Technology (TLC&IT) operates to ensure that every AURAK student is provided the opportunity to maximize his or her academic success. Specifically, the TLC&IT seeks to help students achieve their academic goals by supporting the first year experience and providing peer-tutoring support at all levels of study.

The TLC&IT is located in building F and provides over qualified peer tutors to aid students in a wide array of subjects including English, mathematics, biology, chemistry, physics, and a variety of computer courses. All students are strongly encouraged to take advantage of this key provider of academic support.

Students wishing to avail themselves of TLC&IT services may contact the Director of the TLC&IT, Dr. Bryn Holmes in Building H, Room 319 and can be reached by phone at 07 2210 900 ext. 1186 or by email at bryn.holmes@aurak.ac.ae.

International Students Programs
The office of International Students Programs is responsible for supporting visiting study abroad and exchange students to our campus as well as assisting current AURAK students with their plans for study abroad/exchange. Additionally, this office assists with recruitment and support of International students and development of university linkages and partnerships that enhance the academic and study abroad/exchange experience for the campus community.

Part of the college experience is challenging yourself. Participation in a study abroad and/or exchange program in a new university in another country is the kind of challenge that allows for personal and academic maturity. These rich experiences encourage tolerance, acceptance, and discovery. They build character, adaptability, and increase one’s knowledge of international issues and people. All of these traits will serve you well in your future place of employment and in your community.

Both study abroad and exchange programs provide AURAK students the opportunity to enrich their educational experience by studying for a semester with one of 22 International partner universities. These programs also provide students from partner institutions the opportunity to study at AURAK. All participants are required to successfully complete the Study Abroad and Exchange Application, sustain a minimum CGPA of 2.50, and demonstrate adequate financial support. Courses are selected under the guidance and approval of qualified academic advisors to ensure the successful transfer of credits.

Study abroad differs from the exchange program in the manner in which the participants are assessed tuition and fees. AURAK Study Abroad students pay the host institution for tuition and housing while exchange students pay AURAK tuition and the host institution for housing.

Those interested in the programs should contact Mrs. Ghadah Al Kadri (Building D, Room 101) with the International Student Programs and Exchanges Office. Mrs. Ghadah can be reached by phone at 07 2210 900 ext. 1507 or by email at ghadah.alkadri@aurak.ac.ae.

Each student is responsible for his or her progress toward degree and for meeting all requirements for graduation. The advisement process is available to assist the student in completing his or her studies, but responsibility lies ultimately with each student.

Academic advising is the responsibility of full-time faculty members. In each academic department that houses a degree or minor program, each student major and minor is assigned a full-time faculty member in the department to serve as the student’s academic advisor. Typically, advisees are distributed equally among the full-time faculty in the relevant academic departments.

Advisor Responsibilities

The advisor’s responsibilities include:
- Meeting with each advisee in the two-week period before early registration each semester to guide the advisee in course selection
- Following up on the students’ course requests during early and regular registration to facilitate the student’s successful registration
- Meeting with each advisee early in the semester to ensure that the student has registered for the appropriate courses
- Meeting with each advisee roughly at mid-semester to gauge the student’s progress and advise accordingly
Serving as a mentor to advisees to facilitate their academic success and to provide guidance when appropriate on their future studies and careers.

Academic advisors are also expected:

- To be familiar with all academic requirements for graduation, including both program and General Education requirements.
- To collaborate with colleagues to provide the strongest academic advisement possible

**Student Responsibilities**

Student responsibilities are as follow.

- Students are expected to meet with their advisors as requested by the advisor or by the department chair.
- Each student is expected to meet with his or her advisor during the second semester of the third year of study to discuss the student’s progress to graduation and degree audit. Timely graduation may depend on this meeting.
- Students with their advisor are expected to keep regular track of their progress to degree through their individual Advisement Plan.
- Students are expected to enroll in required courses when they are available and their schedules permit. They should not assume that all required courses will be offered every semester.

**University Responsibilities**

AURAK ensures through the offices of the Provost and the Deans that a sufficient number of appropriate and necessary courses are offered in a timely fashion to enable students who plan carefully to complete their education without unnecessary delay. The AURAK Advisement Coordinator and the Center for Teaching, Learning, and Instructional Technology (TLC&IT) are available to assist all faculty and students with the advisement process. Undergraduate students must plan for this internship during their third year immediately prior to the semester in which they intend to do their internship.

The internship program establishes a three-way partnership agreement among the American University of Ras Al Khaimah, an approved employment site, and the intern whereby the latter receives work experience under the supervision and guidance of a qualified professional. “Student members of the American University of Ras Al Khaimah community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.”

In 2019 – 2020 AURAK Students will revise this Honor Code and a new Honor Code will be posted.

The role of the Honor Code and associated Academic Integrity Policy is to protect the academic integrity of the university, encourage consistent ethical behavior among students, and foster a climate of honorable academic achievement. The Honor Code is an integral part of university life and students are responsible, therefore, for understanding and abiding by the code’s provisions. While a student’s commitment to honesty and personal integrity is assumed and expected, this Code and associated policy and procedures provides clarity of expectations. To maintain an academic community according to these standards, students and faculty follow the reporting policy and procedures herein.

At the beginning of each semester, faculty members have the responsibility to explain the Honor Code and their expectations for students in each class with special focus on plagiarism as well as specifics related to anticipated coursework and assignments. They must also explain the extent to which aid from others, if any, is permitted on academic work. Students should request an explanation of any aspect of an instructor’s expectations regarding the Honor Code that they do not fully understand. Students have an obligation not only to follow the code themselves, but to encourage respect for and compliance with provisions of the code by other students. This includes the student obligation to report potential violations by fellow students and to understand that not doing so may also violate the Honor Code.

Faculty members are responsible for maintaining the integrity of the learning and evaluation process. Faculty members are expected to actively proctor exams, and should enforce the prohibition on possession of mobile phones during exams. Faculty may also take any additional action they believe is warranted to assure academic integrity.

While the internet and easy access to information and knowledge is commonplace, the University is committed to students understanding and demonstrating the ethical foundational values of scholarship. For all academic assignments, project work, and presentations, students need to ensure that due acknowledgement is given to the source of any information which they incorporate in their work.

Expectations
Cheating, plagiarism, and all other forms of academic fraud are unacceptable; they are serious violations of university policy. AURAK expects all students to be familiar with university policies on academic integrity. The university will not accept a claim of ignorance—either of the policy itself or of what constitutes academic fraud—as a valid defense against such a charge.

Violations of Academic Integrity
Violations of academic integrity constitute academic fraud. Academic fraud consists of any action that serves to undermine the integrity of the academic process or that gives the student an unfair advantage, including:

• inspecting, duplicating or distributing test materials without authorization.
• cheating, attempting to cheat, or assisting others to cheat – relevant here is the prohibition on being in possession of a mobile telephone or similar electronic device during a test or examination. In case such devices are found with a student, the student will be deemed to have attempted to cheat and will be subject to disciplinary action under this policy.
• altering work after it has been submitted for a grade.
• plagiarizing.
• using or attempting to use anything that constitutes unauthorized assistance.
• fabricating, falsifying, distorting, or inventing any information, documentation, or citation.

Each student’s program may have on record additional specific acts particular to a discipline that constitutes academic fraud. These specific acts are specified in relevant handbooks or course syllabi.

Statement on Plagiarism

One of the most common violations of academic integrity is plagiarism. Plagiarism can be intentional or unintentional. However, since each student is responsible for knowing what constitutes plagiarism, unintentional plagiarism is as unacceptable as intentional plagiarism and commission of it will bring the same penalties. In many classes, faculty members will provide their definitions of plagiarism. In classes where a definition is not provided, students will be held to the definition of plagiarism that follows:

Definition of Plagiarism. Plagiarism—submitting the work of others as one’s own—is a serious offense. In the academic world, plagiarism is theft. Information from sources—whether quoted, paraphrased, or summarized—must be given credit through specific citations. When a student paraphrases a work, it is still necessary to cite the original source. Merely rearranging a sentence or changing a few words is not sufficient. The citation style should be appropriate for the discipline and should clearly indicate the beginning and ending of the referenced material. All sources used in the preparation of an academic paper must also be listed with full bibliographic details at the end of the paper, as appropriate in the discipline.

Faculty and Student Responsibilities

• Every student, faculty member, and administrator is responsible for upholding the highest standards of academic integrity. Every member of the AURAK community shall honor the spirit of this policy by refusing to tolerate academic fraud.
• When expectations for a course are not addressed in this policy, it is the responsibility of the instructor to provide students with additional guidelines for what constitutes “authorized” and “unauthorized” assistance.
• It is the responsibility of every student to seek clarification if in doubt about what constitutes “authorized” and “unauthorized” assistance. In cases involving collaborative work, all students within the collaborative group may be held responsible for violating the code if any member of the group receives, accepts, or utilizes “unauthorized” assistance.
• Students are required to obtain permission prior to submitting work, any part of which was previously or will be submitted in another course. The instructor has the option of accepting, rejecting, or requiring modification of the content of previously or simultaneously submitted work. A student who suspects that a violation of academic integrity has occurred should report that violation to the dean or to the Office of the Provost. In this report, the student should describe any action taken, such as talking with the person involved or with a faculty or staff member. Every effort will be made to preserve the anonymity of the student reporting the incident; however, confidentiality cannot be guaranteed.
Resolution at the Faculty/Student Level

Process
A faculty member who becomes aware of possible academic fraud should inform the suspected student(s) in writing and send a copy to the dean and to Office of the Provost. The faculty member will also provide the student with the opportunity to respond to the charges within five working days. If the student fails to respond to this opportunity, the student forfeits any right to appeal the decision, and the faculty member will determine the penalty. If the student does respond to the charges but does not accept responsibility for the academic fraud or disagrees with the sanction imposed by the faculty member, the student may appeal the outcome to the Academic Review Board (consisting of the members of the Provost’s Council and two elected representatives from the Faculty Senate, and one SGA representative).

The suggested penalty for academic fraud in any course is failure in the course. However, faculty members may take alternative steps. Penalties available to faculty members include formal warning, Reduction in grade for the assignment, Reduction in the grade for the course, Failing grade for the assignment, a failing grade (F) in the course,

Reporting and Offenses Subject to Expulsion
In all cases where a faculty member informs a student of possible academic fraud, the faculty member will inform the dean and the Office of the Provost as the office of record. In cases where a faculty member takes action for a case of academic fraud, the faculty member will send a report describing the academic fraud and the penalty being imposed to the student is enrolled, and the Office of the Associate Provost for Student Success as the office of record. All reports of academic fraud will be reviewed by the Associate Provost to verify whether reports have been received indicating that the student has been found responsible for any other act of academic fraud.

Penalties
The maximum penalty imposed by the Academic Review Board for individuals convicted of academic fraud shall be expulsion from the university. Penalties include:

- An F grade in the course. An F grade assigned for course will replace any other grade previously posted for the course.
- Removal of the privilege of representing the university in extracurricular activities, including athletics, as well as the privilege of running for or holding office in any student organization that is allowed to use university facilities or receives university funds.
- Suspension from the university for up to one academic year. Students suspended for academic fraud cannot transfer into AURAK any credits earned during the suspension.
- Dismissal from the university. A student dismissed for academic fraud will have a comment added to the student’s transcript to indicate that the student was dismissed for academic fraud. Students dismissed for academic fraud must apply for readmission according to the Academic Review Board guidelines. Readmission applications by students suspended for academic fraud must be approved by the Academic Review Board.
- Expulsion from the university without the opportunity for readmission. A student expelled for academic fraud will have a comment added to the student’s transcript to indicate that the student was expelled for academic fraud.

Appeals/Decisions
When a student is expelled or dismissed by the Provost, the student may initiate his or her appeal to the Academic Review Board by notifying the Associate Provost for Student Success in writing of the request for an appeal, together the concise statement of the student's grounds for the appeal, must be received by the Associate Provost no more than ten working days following the decision of the faculty or the Provost.
When a case is referred to the Academic Review Board, the Associate Provost shall notify the student in writing of the time and location for the Academic Review Board hearing. A majority of the Academic Review Board shall constitute a quorum for purposes of conducting any matters to come before the Academic Review Board pursuant to these standards. Any faculty member on the Academic Review Board involved in the original accusations will not participate in deliberations in that case. At an appeal before the Academic Review Board, the student shall have the opportunity to be heard and the right to produce witnesses or introduce evidence subject to the reasonable discretion of the Academic Review Board. The student may also be accompanied by a representative of his or her choosing who may not participate in the appeal.

The Academic Review Board shall not be subject to any evidentiary rules but shall accept or reject evidence at its sole discretion. All appeals shall be closed to the public and no stenographic record shall be required unless requested at the expense of the requesting party. In the absence of a stenographic record, the Academic Review Board shall provide, in its sole discretion, either a recorded record or notes of the proceedings taken by a member of the Academic Review Board. The results of all appeals to the Academic Review Board, permitted in the Academic Integrity Policy, shall be final. The Academic Review Board will communicate its final decision to the student, the dean of the school in which the student is pursuing a program of study, the Provost, and the Department of Registrar.

Any matter submitted to a faculty member or the university for decision or review under this policy shall be decided in a timely manner. The parties shall use their best efforts to conclude the proceedings within the semester in which the alleged offense has occurred or the appeal is received. However, any delay in the proceedings shall in no way operate as a waiver of the university's right to assess any or all of the sanctions permitted under the Academic Integrity Policy.

11. Disciplinary Policies, Grievances and the Appeal Process

AURAK is committed to treating all members of the University community fairly in regard to their personal and professional concerns. Any AURAK student who believes that he or she has not been treated fairly may make use of the student grievance process. The primary objective of the student grievance process is to ensure that concerns are promptly dealt with and resolutions reached in a fair and just manner.

For these purposes, a grievance is defined as dissatisfaction or a disagreement with any decision or action that affects AURAK students. Grievances are divided into two major categories: 1) academic grievances and 2) non-academic grievances. Academic grievances include issues such as faculty and course related issues. Non-academic grievances include issues related to behavior and the University environment.

Student Academic Grievance Policy and Procedures

Academic grievance include grievance students may have against a faculty member, procedures implemented in class, or related academic issues. All students have the right to express their dissatisfaction. If the student has a disagreement with the faculty, grades, or the classroom the grievances is a Student Academic Grievance. To appeal a grade, the Grade Appeal Form, obtained from the Registrar’s Office and filled out by the student is the most expeditious and efficient way to address a grade appeal with a professor. The following is the process for a student academic grievance.

If any student wishes to file a formal grievance, these steps apply:

- The grievant must file a formal written complaint with the Associate Provost for Student Success.
- The Associate Provost for Student Success will ascertain if the complaint falls within the scope
of an action appropriate for a grievance and will attempt to resolve the complaint informally before instituting the official grievance process.

❖ If such action is deemed appropriate, the Associate Provost for Student Success will convene a committee of a minimum of three people including faculty, administration, and student representative(s) within three working days.
❖ The committee will review the complaint, interview the complainant and any witnesses cited in the complaint.
❖ The Committee will recommend a cause of action to the Associate Provost for Student Success within seven working days.
❖ The Associate Provost for Student Success will forward to the student the recommendation of the Committee or a modification of its recommendation deemed appropriate after consultation with the committee within three working days.
❖ If the student does not agree with the decision, the student has the right to file an appeal with the Provost. The Provost will review the decision and render a final decision in the matter within three working days. The Provost is the final authority to whom appeal may be made.
❖ If a grievance is with the Provost, then the student may submit the grievance in writing to the President to initiate the process.

Student Non-Academic Grievance Policy and Procedures

All students have the right to express their dissatisfaction and misconduct issues are handled under the non-academic grievance policy and procedures. Incidents that occur outside the classroom or disagreements with the staff fall under the non-academic grievance policy. If a student wishes to file a grievance, these steps apply.

❖ The grievant must file a formal written complaint with the Associate Provost for Student Success.
❖ The Associate Provost for Student Success will ascertain if the complaint falls within the scope of an action appropriate for a grievance and will attempt to resolve the complaint informally before instituting the official grievance process.
❖ If such action is deemed appropriate, the Associate Provost will convene a committee of a minimum of three people including faculty, administration, and student representative(s) within three working days.
❖ The committee will review the complaint, interview the complainant and any witnesses cited in the complaint.
❖ The committee will recommend a cause of action to the Associate Provost for Student Success within seven working days.
❖ The Associate Provost for Student Success will forward to the student the recommendation of the committee or a modification of its recommendation deemed appropriate after consultation with the committee within three working days.
❖ If the student does not agree with the decision, the student has the right to file an appeal with the Provost. The Provost will review the decision and render a final decision in the matter within three working days. The Provost is the final authority to whom appeal may be made.
❖ If a student’s grievance is with the Associate Provost for Student Success, it may be submitted to the Provost to begin the process.
❖ If a grievance is with the VPAASS or other Vice-President the student may submit the grievance in writing to the President to begin the process.

Apart from formal reporting of grievances, there are multiple Complaint/Suggestion Boxes installed throughout the University. Any complaint/suggestion dropped in this box comes directly to the Office of the President, and confidentiality is ensured. Student must include their ID number when placing grievances in the suggestion box.

AURAK is committed to providing an environment that is reasonably free from recognized safety hazards and complies with applicable laws concerning hazardous chemicals, fire prevention, occupational health and safety, handicapped accessibility, and the environment. To effectively meet the goal of reducing accidents and illnesses, AURAK has developed a Comprehensive Safety Plan. The Safety Office manages the plan and reviews it annually to meet the appropriate needs of AURAK. Efforts are channeled into several specialty areas, for example, fire protection, occupational health and safety, asbestos management, environmental health, emergency planning, and risk management.
In coordination with the AURAK Safety Office and other departments, AURAK security develops and promulgates procedures to respond to civil disturbances, hazardous material incidents, fire, gas leaks, severe weather conditions, and other potential threats to campus safety and security. Additionally, individual security officers are encouraged to report unsafe conditions observed while on patrol and while serving as first responders to accidents. To ensure safe work practices during all university activities, the Safety Officer makes certain that appropriate environmental health and safety rules and regulations are written, published, and communicated to employees and students.

**AURAK Student ID**

AURAK students must present their Student ID in order to enter the AURAK campus. The Student ID may be obtained from the Department of Admissions.

**Awareness Programs**

Health and safety awareness programs are developed and regularly scheduled for students at AURAK. The purpose of these programs is to promote a safer and healthier campus environment by helping students become aware of their behavior. The Office of Student Life may present programs regarding topics which include alcohol and substance abuse, and other health and safety issues.

**Fire Drills**

The Resident Assistants for EDRAK, in cooperation with the Administration Manager and Emergency Planning of Ras Al Khaimah Civil Defense Department, AURAK Office of Facilities Management and Logistics and AURAK Security, conduct fire drills in the residential halls at least once a semester.

**Emergency Evacuation Routes**

AURAK campus has developed, standardized emergency evacuation maps and evacuation routes for every building on the campus. These maps are prominently displayed on every floor in A3 sized acrylic plastic displays. Individual evacuation plans may be developed for any employee or student who may have a disability and who may require special assistance in the event of an emergency building evacuation. Faculty, Staff, Supervisors and students must identify individuals requiring special assistance, or individuals may self-identify, to the Office of Facilities Management and Logistics, or the Student Life Department, who will then coordinate the development of an individualized evacuation plan.

**Fire Safety Plan**

The Fire Safety Evacuation plan provides instructions for identifying, monitoring and addressing fire safety issues at AURAK. The plan describes emergency procedures, building evacuation drills, inspections, training and guidelines to follow in the unfortunate event of a fire. In addition, names and contacts of those persons who should be contacted in case of emergency are displayed in the labs.

**Fire Suppression Equipment**

AURAK maintains various fire suppression systems in each building. These include: fire extinguishers, standpipes and fire hose reel waterpumps strategically placed throughout AURAK campus. Approximately 124 portable fire extinguishers are located around and inside AURAK campus building. In addition, off-campus residences and other buildings have additional extinguishers. The Office of Risk Management, in conjunction with the Office of Facilities Management and Logistics and the Office of Human Resources, conducts training for emergencies such as First Aid, CPR and use of fire extinguishers. These trainings are conducted periodically throughout the academic year. In addition, an outside contractor, inspects fire suppression systems on campus on a quarterly basis to ensure they are filled and functional.

Kindly note the following:

“Emergency exits should be used during emergencies only. Please comply accordingly for safety and security reasons. Misuse or abuse of emergency exits, will lead to warnings and disciplining.”
14. **Student Records and Right to Privacy**

A student’s education record is defined as files, materials, or documents including those in electronic format that contain information directly related to the student and maintained by the University. The following documents are stored as a student’s record:

- Personal Details: the student’s name, address(es), telephone number(s), e-mail address, photographs, birth date and place, program undertaken, dates of attendance, credential awarded, copy of Emirates ID.
- Certificates and transcripts of all the qualifying examinations
- Admission letter, visa copies, passport copies
- Enrollment and registration to the program
- Transcripts and degree progress

The record keeping system ensures that records are adequately created, managed, and archived. The system assures confidentiality, access only by authorized users, and secure record keeping. The Registrar has the authority to access student records and to manage and update student records. Student records are kept on file for a period of five years after graduation; an official transcript is kept for the lifetime of the student.

Students may request to see the contents of their educational records at any time including grades and other relevant information. Students may also request amendment of information in their educational records. Requests must be made in writing and submitted to the Registrar for consideration. All AURAK students have the right to access their grades on-line through the CampusVue Student Portal System.

Access to a student’s education records is available to authorized officials of AURAK for academic purposes, such as recording grades, attendance, advising, or review of academic progress. Education records may be disclosed to university officials having a legitimate educational interest without prior written consent. University officials are those employed by the university in an administrative, counseling, supervisory, academic, student support services, or research position. School officials also include persons employed by or under contract by the university to perform a special task.

Identification of an individual as a university official does not automatically grant access to educational records. In all cases, a legitimate educational interest must be established. Legitimate educational interests include the following:

- The information is necessary for the official to perform appropriate tasks specified in his or her position description or by a contract agreement.
- The information is to be used within the context of official university business.
- The information is relevant to the accomplishment of some task or to a determination about the student.

In all cases, the information must be used consistently with the purposes for which the data are maintained. The confidentiality of student information is periodically reviewed in order to check the efficacy of the system. Student records are not disclosed to any third party unless a student gives permission for this in writing. The only exception to this is to official accreditation bodies conducting a review or government/law enforcement officials.

The degree plan established when you enter the university will be the degree plan you follow through your graduation. By obtaining a copy of the degree plan from your advisor you will be able to track the courses needed and those you have completed.

As you near completion of your degree, you may complete a degree audit form, found in the Department of the Registrar, to ensure that you will meet all the requirements to graduate.

Q: Why should I get to know my faculty advisor?
Your faculty advisor is available to meet with you about courses, future academic and career plans, or spiritual/personal issues. Faculty advisors take a special interest in their students' needs and concerns, and can help to give perspective and advice.

Q: Why should I declare my program of study?
Declaring a program of study allows you, the student, to clarify your educational and career goals. Additionally, the university is able to plan for future classes, faculty, and staff. Another benefit is found in that declaring your major may open financial aid doors.

Q: What are credit hours?
Credit hours are a standard measure used in determining how much academic material is covered. A course of three credit hours normally requires three hours of lectures per week for one semester. Thus, if you choose five courses of three credit hours each, you will be in class for fifteen hours. Students are allowed to register for a maximum of eighteen credit hours in a semester.

Q: What are prerequisites?

Official withdrawal removes students from any academic program and cancels student status at AURAK. In order to return to the university, students need to apply for re-admission through the Admissions office. Students who wish to withdraw have to complete a ‘withdrawal form’ available at the Registrar’s office and get clearance from all university departments. If the withdrawal process is completed satisfactorily and all financial obligations to the university are cleared, the effective date of withdrawal is noted on the student’s permanent academic record.
