

American University of Ras Al Khaimah

School of Engineering

General Safety Rules

- All users of the studios are to follow the directions of Academic/Instructor.
- Please treat fellow users and all equipment within the Studios, with the appropriate level of care and respect.
- Turn off the power and unplug devices before performing service.
- Keep your workspace clean and free of clutter.
- Bend your knees when lifting heavy objects to avoid injuring your back.
- Food or drink is not permitted at any time in the Studios.
- Students should not attempt to repair, open, tamper or interfere with any of the computer, printing, cabling, air conditioning or other equipment in the Studios.
- Turn off the devices once you are done using it.
- Do not plug in external devices without scanning them for computer viruses.
- Try not to touch any of the power sockets when a device is connected to them and switched on.
- Remember that in a fire situation you have to know how to reach the nearest EXIT.

In any Emergency case, contact (AURAK Facility Supervisor) mobile number: 0501046839 and landline: 072210500 Ext: 1210.
